

NRSG1134: Nursing Care of Adults I

Credit Hours: 1

Clock Hours: 30/0/0

The focus of this course is on the concepts used to provide safe and effective patient care. Emphasis is placed on the practical nurse's role to meet the needs of patients in stable environments. The role of practical nurses with data collection, planning and implementing care for patients with chronic illness is discussed. Importance is placed on medical/surgical health alterations, illness, injury and disorders that require management in acute care facilities.
